

MARLTON UMC

A COMMUNITY OF IMPERFECT PEOPLE WHO ARE DOING THEIR BEST TO LOVE GOD AND LOVE OTHERS.

Capital Campaign Case Statement

Our Capital Campaign Goal

Our goal is to create an inspiring space that will be passed on to generations to come. The anticipated cost of these repairs and renovations will be approximately \$1.5 million.

Narthex Expansion

To encourage radical hospitality and fellowship, **we are doubling the size of the Narthex and increasing natural light** to provide a more welcoming and enjoyable space.

Roof Repair

We will **completely replace all trusses** with a system strong enough to support the roof and additional weight and **reinforce the walls with cement and tie-rods** to bring them back into alignment so that they can continue to support the load of the roof.

Sanctuary Renovations

We are **reimagining our sanctuary** to provide flexibility while also remaining traditional and holy. While also **upgrading technology** to meet our needs. **Improving access to the prayer garden** through a new door in the stairwell.

Next Steps

Horizons Stewardship will be conducting a Feasibility study with interviews and surveys following our congregational meeting on October 19, 2022 @ 7:30pm.
